27 August 2020

A One Day National e_Seminar on “Recent Technological Trends in Electroics was held on 27 August 2020 at Krishna Mahavidyalaya Rethare Bk. by the Department Of Electronics in association with Internal Quality Assurance Cell (IQAC). The President of this seminar was the Honrable Principal Of our college Dr. C.B. Salunkhe sir .

Mr. B.S. Mane,The Head and Associate Professor,Department Of Electronics had given the welcome and event introduction speech.

The President of tis seminar ,Hon’ble Principal Dr. C.B.Salunkhe sir had given the opening speech of this seminar and the seminar was going on.

The main speakers of this seminar was

1. Dr P.N. Vasambekar :

Professor and Head , Department Of Electronics, Shivaji University Kolhapur.

2. Dr R.K.Kamat :

Professor and Head , Department OfComputer Science, Shivaji University Kolhapur.

There were 276 participants through out the India and also some from other Countries.

In the first session , Mr.P.A.Kapale sir gave the introduction of Dr P.N. Vasambekar :

Professor and Head , Department Of Electronics, Shivaji University Kolhapur.Then the Vasambekar sir started his speech . He had explained the theory of antenna used for satellite communication. He also explained the frequency bands allowted for analog communication such as AM,FM,PM .

Further he explained the concepts of of digital communication such as ASK,FSK,PSK .

A **microwave antenna** is a physical transmission device **used to** broadcast **microwave** transmissions between two or more locations. In addition to roadcasting, **antennas** are also **used in** radar, radio astronomy and electronic warfare.

Microwave antenna acts as a transition region between free space and guiding structure like a transmission line in order to communicate between two or more locations. In **microwave antennas**, high gains with very narrow beam width in one or more planes are required. These can be achieved with **antennas** of reasonable size.

In **microwave** radio relay, **microwaves** are transmitted on a line of sight path **between** relay stations using directional antennas, forming a fixed radio connection **between** the two points. The requirement of a line of sight limits the separation **between** stations to the visual horizon, about 30 to 50 miles (48 to 80 km). Then the question-answer session was started.

In the next session Mr. Kale sir introduced the Dr. Kamat sir.

Then Dr. Explained details of the recent technological trends as given below.

Change is the only constant. This applies to your professional life as well. [Up-skilling yourself](#) is a need nowadays, the reason is pretty simple, technology is evolving very quickly. I have listed the top 10 trending technologies, which are expected to acquire a huge market in 2020.

So, let's make a new year resolution to master any one of the below technologies:

1. [Artificial Intelligence](#)
2. [Blockchain](#)
3. [Augmented Reality and Virtual Reality](#)
4. [Cognitive Cloud Computing](#)
5. [Angular and React](#)
6. [DevOps](#)
7. [Internet of Things \(IoT\)](#)
8. [Intelligent Apps \(I – Apps\)](#)
9. [Big Data](#)
10. [RPA \(Robotic Process Automation\)](#)

Finally in the discussion session participants asked some questions.

In this seminar Mrs. Radhika Desai madam handled the ankering of the seminar.

Copy move Forgery:

1. Copy-move is one of the most widespread image tampering technique.
2. Also it is very difficult to identify this type of forgery as the copied image is taken from the same image.
3. "In Copy-Move image forgery, a part of the image is copied and pasted to another part of the same image"

Example of Copy Move image Forgery

Career Opportunities in Higher Education

Day and Date: Friday, 05th February, 2021

REPORT

One day workshop on “career opportunities in higher education” was organized by department of Physics, and internal quality assurance cell of Krishna Mahavidyalaya, Rethare Bk under lead college activity of S. G. M college, Karad on 05th February, 2021.

The theme of the workshop was career opportunities in higher education to better understand their career options and college decision making process.

With chosen theme of workshop Mrs. Radhika S. Desai, Assistant professor, Dept of Physics, welcome esteemed invited speaker Prof. K. Y. Rajpure, principal Dr. C. B. Salunkhe, Mr. N. V. Gaikwad, Dr. D. S. Dalavi and all students and faculty.

Dr. D. S. Dalavi, gave information about lead college activity and theme of workshop. He said that it became quite evident that a large percentage of students are not armed with the knowledge they need to pursue certain career paths or college opportunities. With all the advances in communication and education technology it's surprising that more time, energy and resources aren't being dedicated to providing students with the necessary career and educational choices.

Dr. C. B. Salunkhe, Principal Krishna Mahavidyalaya, Rethare BK gave opening remark. In his opening remark, he said that many high schools and colleges are devoting more resources to improve student awareness regarding education and career options, but on a macro basis, there is a long way to go. Further He given an example of some students and told that I personally know of several capable, intelligent and motivated young students who graduated last year yet are not currently pursuing any career path or enrolled in any higher education program. Why? They simply did not have the guidance, education or awareness needed to take ownership of their higher education path. He concluded his speech with remark that students simply don't understand the college search process or the resources that are available to them to research the higher education programs and career options that are available. With a huge counselling gap, it's no wonder that a majority of the students are not able to navigate their way to success. And, with 65% of students attending rural and urban school districts, the problem may be even worse than we know.

Further, Mr. B. S. Mane introduced invited speaker of the workshop Prof. K. Y. Rajpure, Head, Dept of Physics, Shivaji University, Kolhapur.

Prof. K. Y. Rajpure gave speech on career opportunities in higher education. In his talk he has given thorough information on each and every aspects of higher education opportunities which are available for students as well as career options available to them after B.Sc., M.Sc. and Ph.D. He mentioned and given details on which are institutions who offer integrated courses in Physics in India as well as Ph.D Programme. He also given trace on various diploma courses, management course which are available to students after M.Sc. He attracted attention of students by mentioning various scholarship available to students while perusing education. Lastly he given information about various job opportunities available through UPSC and

MPSC. Overall, the talk given by Prof. K. Y. Rajpure was excellent and students as well as faculty members appreciated it. After his talk there was discussion and question answer session on queries raised by students. Prof. K. Y. Rajpure given all answers of the queries raised by students.

Finally. Mr. N. V. Gaikwad, Coordinator, Lead college activity presented vote of thanks and concluded the workshop.

अर्थशास्त्र विभाग

कार्यक्रम अहवाल

'मुच्युअल फंड-कोविड-19 मधील एक उत्तम गुंतवणूक'

सन 2020 मार्च महिन्यापासून देश कोरोना महामारीमुळे लॉक डाऊन झाला. ही परिस्थिती लक्षात घेऊन अर्थशास्त्र विभागाने दि.04/09/2020 रोजी दुर्दैव्य प्रणालीद्वारे राज्य स्तरीय चर्चासत्राचे आयोजन केले. चर्चासत्राचा विषय 'मुच्युअल फंड-कोविड-19 मधील एक उत्तम गुंतवणूक' असा घेतला होता, कारण लोकांना घरी राहून गुंतवणूकीबाबताचे मार्गदर्शन प्राप्त होईल.

या राज्यस्तरीय चर्चासत्रासाठी 1) डॉ.नितीन पाटील, वेणूताई चावण कॉलेज, कराड व 2) डॉ.उदय शिंदे, सदाशिव मंडलिक महाविद्यालय, मुरगूड. हे दोन प्रमुख पाहुणे होते.

डॉ.नितीन पाटील यांनी मुच्युअल फंडाचा अर्थ, प्रकार व स्वरूप याविषयी अत्यंत ओचवत्या शब्दात मार्गदर्शन केले.

डॉ.उदय शिंदे यांनी मुच्युअल फंडाचे प्रत्यक्ष व्यवहार कसे केले जातात, योग्य गुंतवणूक कशी करावी, गुंतवणूक करताना धोके कसे कमी करावेत यावर सखोल चर्चा केली.
