Respected Sir/madam and research scholars of all science subjects from colleges, Universities, and other Higher Education Institutions,
Greetings from SSPM's Krishna Mahavidyalaya, Rethare BK, Dist. Satara, Maharashtra.
It's an immense pleasure to inform you that Internal Department of Physics and Quality Assurance Cell (IQAC), Krishna Mahavidyalaya, Rethare BK, is organizing one day Online National Conference on "Advanced Functional Materials and their Device Applications" on 10th August 2020.
We invite you and your colleagues for the active participation in the conference.
Last Date of Registration: 09th August, 2020.
Conference Date: 10th August, 2020 (Monday), Time: 11:00 am.
Venue: Zoom Platform.
No Registration Fee.

A REPORT
ON
One Day International e-Conference on Advanced Functional
Nanomaterials and Their Device Applications

Jointly Organized by Department of Physics, and Internal Quality
Assurance Cell,

Krishna Mahavidyalaya, Rethare BK

Day and Date: Monday, 10th August, 2020.

A “One Day International e-Conference on Advanced Functional Nanomaterials and Their Device Applications”, was held at Krishna Mahavidyalaya, Rethare Bk, on 10th August, 2020, which was Jointly Organized by Department of Physics, and Internal Quality Assurance Cell (IQAC). Due to Pandemic situation of COVID-19, the international conference was organized on zoom platform. There were about 631 participants’ registrations from various research / academics / Institutes / Universities / Colleges / National Laboratories as well as from abroad. There was 1 guest lecture and 3 invited talks delivered by highly respected scientists / technologists / academicians from leading institutions / Universities.

Dr. Dhanaji S. Dalavi, the Convener of the Conference, welcomed the delegates and the participants and explained the idea behind the theme of conference as a forum to bring together a cluster of renowned scientists and major research groups around the globe working in the field of nanomaterials and applications to cross-fertilize ideas, knowledge and experience on the theme, which encompasses the areas of nanomaterials, nanocatalysis, Nanosensors, nanobiotechnology, etc. It will provide an excellent opportunity for the scientists and delegates as well as professionals of related disciplines to meet and exchange experiences.

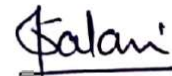

Dr. Chandrakant B. Salunkhe, Chairman of the Conference, in his inaugural speech, appreciated the theme of the conference emphasizing the need of such gathering for exchange of ideas for improvement of quality of life through application of nanotechnology and their applications in our day to day life. He also mentioned that in the present situation

of COVID-19 pandemic whole world is eagerly looking at innovation, solution to face this challenge. He also mentioned that due to advancement in the technology world is known as global village. He traces on the point that information with confirmation is very much essential. He mentioned that innovation, technology, incubation should be the top priority as policy matter.

Mrs. Sunita H. Jadhav Introduced Chief Guest. Prof. Dr. Pramod S. Patil. Prof. Dr. Pramod S. Patil Guest of Honor in the event, delivered keynote talk and shared his ideas on recent trends in nanotechnology. In his talk he discussed various fundamental aspects of nanotechnology as well as device applications such as solar cell, smart windows, supercapacitor etc. Miss. Megha M. Shinde Introduced invited speaker of session-I (Dr. Deepak P. Dubal). Dr. Deepak P. Dubal, delivered a specially invited talk on **“Nanomaterials for Energy Conversion and Storage Application.”** He showed how nanostructured materials which can be utilized to develop supercapacitor for production energy can be prepared from raw material. Mr. Satish A. Mahadik introduced invited speaker of second session (Dr. Rupesh S. Devan). Dr. Rupesh Devan, Associate Professor, Indian Institute of Technology Indore, talked on **“Machines of Nano-architecture for Engineering Applications”**. In his talk he discussed various applications including smart window based on one dimensional nanomaterial. Invited speaker of third session, Dr. Rajendra C. Pawar was introduced by Miss. Pranoti Desai. Dr. Rajendra C. Pawar, President Future Post-Doctoral fellow, Dalian Institute of Chemical Physics (DICP), Dalian, China delivered talk on **“Distinctive Photocatalysts Based on Organic/Inorganic Semiconductors for Green Technology”**. He shared his in-depth knowledge surface area, pore structure of catalysts programmed study using versatile adsorption instruments and micro Spectroscopy:

At the end, on the behalf of organizing committee, Mr. Vinayak S. Jadhav delivered vote of thanks to Dr. Chandrakant B. Salunkhe, Principal and chairman of the conference, all faculty members, administrative staff, participant without whom organization of such event could not be possible He also thank to convenor, Dr. Dhanaji S. Dalavi, Organizing Secretary, Dr. Satish A. Mahadik and Co-Convener, Mrs. Radhika S. Desai and Sunita H. Jadhav, Pranoti Desai, Megha Sindhe for their contribution towards successful organization of e-conference. Overall conference was a really nice one, truly well organized, maintaining time schedule.

Overall, the said conference is beneficial for student, research scholars and faculty member to cross-fertilize their idea in the field of nanoscience and Nanotechnology.
