IQAC 2022-2023**ACTIVITY REPORT
BOTANY****IQAC ACTIVITY No:**

NAME OF THE ACTIVITY: Lecture Series Workshop on Horticulture and Gardening			
DATE	FACULTY	DEPARTMENT/COMMITTEE	COORDINATOR NAME
24 & 25/11/2023	Science	Botany	Dr. C. B. Salunkhe Dr. S. H. Jadhav
TIME	VENUE	NUMBER OF PARTICIPANTS	NATURE: Outdoor/Indoor
11.30 to 1.30 pm	Botany Lab	45 students	Indoor+Outdoor
SUPPORT/ ASSISTANCE:	College provided technical assistance.		

BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO. -):

TOPIC/SUBJECT OF THE ACTIVITY	Lecture Series Workshop on Horticulture and Gardening
OBJECTIVES	<ul style="list-style-type: none"> • To introduce participants to the fundamental principles of horticulture, including plant biology, growth cycles, and factors affecting plant health and productivity. • To help participants understand the process of selecting suitable plants for their climate and soil conditions and how to care for them properly, including watering, fertilizing, and pest management. • To teach various gardening techniques, such as planting, pruning, grafting, and propagation, enabling participants to confidently handle and maintain their plants. • To provide hands-on learning opportunities during the workshop, allowing participants to practice the concepts learned and gain confidence in their gardening skills.
METHODOLOGY	Speech, PPT presentation and practical
OUTCOMES	Overall, the outcomes of a horticulture and gardening workshop extend beyond the immediate knowledge transfer and practical skills acquired. The workshop has the potential to ignite a passion for gardening, promoting sustainable practices, and fostering a deeper

IQAC 2022-2023

	connection with nature and the environment.

Report of the Workshop

Nursery is a place where plants are cultivated and grown to usable size. Nursery techniques includes sapling, seedling and grafting of economically important and ornamental plants through scientific methods. Horticulture improves the beauty of the environment. Small and marginal farmers can benefit from horticulture crops. Horticulture crops performs crucial role in the enhancement of Indian economy by creating jobs and producing raw materials for food industries. In this regard, UG, PG and Research Centre, Department of Botany, organized Science Academies' Lecture Series Workshop on 'Horticulture and Gardening' for college students on 24th and 25th November 2022.

About 50 students benefited through this lecture series workshop. The workshop on Horticulture and Nursery techniques is organized to enhance and improve conceptual and practical knowledge on development of nurseries and techniques involves in nursery management and to plan for raising quality planting materials for raising plantation. The Chief Guest of workshop was Dr. D. S. Dalavi, Head Department of Physics, Krishna Mahavidyalaya, Rethare Bk. The Expert speakers Dr. V. V. Naik, Assistant Professor, M B. S. K. Kanya Mahavidyalaya, Rethare Bk. and Dr. D. S. Mali, Assistant Professor, Department of Horticulture, Jaywantrao Bhosale Krishna College of Agriculture, Rethare Bk. was invited to conduct the Lecture series workshop.

Day 1: 24th November 2022

Inauguration Function:

Dr. S. H. Jadhav, Convenor of Workshop presented the theme of workshop. Dr. C. B. Salunkhe welcomed and given brief introduction of the Chief guest and resource persons of workshop as well as given presided over the inauguration function. Speaking on this occasion Chief guest Dr. D. S. Dalavi addressed to the participants by stating the objectives and scope of Horticulture and Nursery Technique.

Session I:

Expert Speaker Dr. V. V. Naik, Assistant Professor, M B. S. K. Kanya Mahavidyalaya, Rethare Bk. enlighten the participants on importance and scope of horticulture. He explained different divisions of horticulture such as Pomology, Olericulture, Floriculture and Landscape Gardening.

Session II:

In second session Dr. C. B. Salunkhe stated Scope and objectives of Landscape Gardening. He also given information of various indoor and outdoor gardens as well as important aesthetic gardens of India.

Session III:

Dr. V. V. Naik conducted session on Horticulture produce, Management of Pest and Diseases. In this session he explained cultivation of important cut flowers and management of pests and disease on Roses, Gerbera and Marigold. In addition he given information on job and business opportunities in cultivation of flowers and fruit crops.

Day 2: 25th November 2022

Session I:

Expert speaker Dr. C. B. Salunkhe, Principal, Krishna Mahavidyalaya, Rethare Bk., enlighten the participants on various steps in nursery development and maintenance. He explained different activities performed for the successful production, care and marketing of different planting materials like seeds, seedling, cuttings etc. in various nursery sections.

Session II:

In second session D. S. Mali, Assistant Professor, Jaywantrao Bhosale Krishna College of Agriculture, Rethare Bk., stated that how to grow plants in an open environment, maintain a good quality of plants and how to protect the plants from pests and diseases. He said that it is the responsibility of the nursery growers to develop good quality of plants for their customers. He emphasized on various propagation techniques likes grafting, budding, air layering and tissue culture techniques during the workshop. He also mentioned about seed bed preparation, mulching, laying of drip irrigation, planting of seedlings, etc.

At the end of each session, the speakers answered queries raised by the participants. In the feedback session participants expressed their gratitude about the informative workshop.

Miss. Swaleha Mulla, Research Scholar, Department of Botany, proposed vote of thanks.
