Report of Guest Lecture

“CAREER OPPORTUNITIES IN RESEARCH AND HIGHER EDUCATION”

Organized on 15th Jan 2020

Department of Physics organized a Guest Lecture on **“CAREER OPPORTUNITIES IN RESEARCH AND HIGHER EDUCATION”** under Career counseling and placement cell of Krishna Mahavidyalaya, Rethare (Bk) on January 15, 2020. The lecture was addressed by **Dr. Deepak P. Dubal, Senior Lecturer**, School of Chemistry, Physics and Mechanical Engineering, **Queensland University of Technology (QUT), Australia**. The lecture was attended by 149 students and 37 Faculty members.

His research expertise is in design and development of multifunctional hybrid materials for clean energy conversion and storage technologies with special focus on supercapacitors, lithium-ion batteries, Li-ion capacitors and electrochemical flow cells. At QUT, his research is to develop an integrated system as self-charging power source for wearable electronics and implantable medical devices. Before joining QUT, he worked as Vice Chancellor Fellow at School of Chemical Engineering, University of Adelaide. He is also former recipient of two most prestigious fellowships: **Marie-Curie at ICN2, Spain (2014)** and **Alexander von Humboldt at TUC, Germany (2012)**. So far, he has co-authored more than **164 research articles** including Chem. Soc. Rev., Adv. Mater., Adv. Fun. Mater, Nano Energy, NPG Asia Materials etc. and achieved over **9000 citations**, ‘h’ index: 52 and ‘i10’ index 120 (Google Scholar) filed 8 Patents (1 US Patent, 1 European, 1 Spanish and 5 Indian Patents). He has also participated as founding partner of Earthdas graphene mobility spin-off Company. He is scientific editor of the book “Metal Oxides in Supercapacitors” D. P. Dubal, P. Gomez-Romero (Eds.) (Elsevier-2017) and member of Editorial board Scientific Reports (Nature Publishing Group). So far, he made a genuine contribution to science with 81% of publications being in Q1 journals in the field (source: Clarivate Incites). With a Category Normalized Citation Impact (CNCI) of 2.4

computed through Incites, his performance as a researcher is considered twice the world's average in his field.

Dr. C.B.Salunkhe, Principal, Krishna Mahavidyalaya Rethare Bk, felicitated Dr. Deepak Dubal. Dr.Sonawane, HOD, Department of History, had talk about the topic of the guest lecture to the students. A Brief introduction of the resource person was read by Dr. Dalavi D S, HOD, Department of Physics.

In the beginning Dr.Dubal gave information about energy challenge, world energy consumption, global power needs and to accomplish all our energy needs it is necessary to use renewable energy sources ,cleaner fuels and develop hybrid materials to achieve high energy and high power density with excellent cycling stability. Then he spoke about body motions as new era of energy generation, concept of smart floor, a blue energy dream. He then explained waste-to-energy Strategy, bio-waste derived porous carbon micro-sized Foams, Li-ion battery recycling, Electroactive Nanofluids: An Emerging Field. At the end he guided about the opportunities in India after B.Sc and M.Sc, how to search for the opportunities in Foreign Countries and scholarships for Indian Students and different funding agencies. It was wonderful knowledge sharing and gaining lecture regarding the carrier opportunities in research and higher education. He also said "Inquisitiveness is needed for innovation, your simple idea can also lead to great innovation and we need knowledge leverage, wise strategies and policies to develop clean energies (and fuels) massively (2050, 28 TW)"

Principal Dr. C. B. Salunkhe sir emphasized on the importance of right mix of knowledge, attitude and additional skills for a successful career. He addressed students on how to focus the mind, and work towards the achievement of desired career in the near future. The talk provided proper guidance regarding all the aspects of career in research and higher education. The talk came to its end with a deliverance of vote of thanks by Mr. Jadhav Vinayak . The program was compered by Mrs. Desai Radhika S.
