Online fraud & Social Media fraud Awareness Program

16th Sept 2019

People dependence and behavior towards information security and internet deeply affect the way they intend to use information technology. Even the law enforcement has faced huge problems in tackling cybercrimes due to the high rate of cybercrime.

We have organized **online fraud & Social Media fraud Awareness Program** on 16th September, 2019. Dr. Dhanaji S. Dalavi gave introduction regarding the need of awareness. Program expert Mr. by Mr. Vijay Satish Jadhav, guided about types of cybercrime like Online Harassment, Cyber-Stalking, Hacking, E-Mail Spoofing, SMS Spoofing and cybercrime, as people tend to disclose more personal information about them e.g. birthday, e-mail, in their social networking profiles. This personally identifiable information could be used by fraudsters to steal users' identities, and posting this information on social media makes it a lot easier for fraudsters to take control of it. He suggested all gathering, how to take action if they become victim of online fraud. Principal Dr. C. B. Salunkhe gave speech on the increased dependence of people on internet has led to the rise in cybercrime. Problems such as lack of proper training and education, the poor awareness of cybercrime among Indians have also contributed to the growth in cybercrime. Finally, Mr. Jadhav V. S. presented vote of thanks.
