### Crisp and Fuzzy example

$S = \{ \text{diamond}, \text{triangle}, \text{circle}_1, \text{circle}_2, \text{circle}_3, \text{square}, \text{hexagon} \}$

One can define the crisp set "circles" as:

$$C = \{ \text{circle}_1, \text{circle}_2, \text{circle}_3 \}$$

The fuzzy set "circles" can be defined as:

$$\begin{aligned} S = & \{ (\text{circle}_1, 0.1), (\text{circle}_2, 0.3), (\text{circle}_3, 0.5), (\text{square}, 0.2), (\text{hexagon}, 0.8) \} \\ C = & \{ (\text{circle}_1, 1.0), (\text{circle}_2, 1.0), (\text{circle}_3, 1.0) \} \end{aligned}$$

One day workshop on “career opportunities in higher education” was organized by department of Physics, and internal quality assurance cell of Krishna Mahavidyalaya, Rethare Bk under lead college activity of S. G. M college, Karad on 05<sup>th</sup> February, 2021.

The theme of the workshop was career opportunities in higher education to better understand their career options and college decision making process.

With chosen theme of workshop Mrs. Radhika S. Desai, Assistant professor, Dept of Physics, welcome esteemed invited speaker Prof. K. Y. Rajpure, principal Dr. C. B. Salunkhe, Mr. N. V. Gaikwad, Dr. D. S. Dalavi and all students and faculty.

Dr. D. S. Dalavi, gave information about lead college activity and theme of workshop. He said that it became quite evident that a large percentage of students are not armed with the knowledge they need to pursue certain career paths or college opportunities. With all the advances in communication and education technology it's surprising that more time, energy and resources aren't being dedicated to providing students with the necessary career and educational choices.

Dr. C. B. Salunkhe, Principal Krishna Mahavidyalaya, Rethare BK gave opening remark. In his opening remark, he said that many high schools and colleges are devoting more resources to improve student awareness regarding education and career options, but on a macro basis, there is a long way to go. Further He given an example of some students and told that I personally know of several capable, intelligent and motivated young students who graduated last year yet are not currently pursuing any career path or enrolled in any higher education program. Why? They simply did not have the guidance, education or awareness needed to take ownership of their higher education path. He concluded his speech with remark that students simply don't understand the college search process or the resources that are available to them to research the higher education programs and career options that are available. With a huge counselling gap, it's no wonder that a majority of the students are not able to navigate their way to success. And, with 65% of students attending rural and urban school districts, the problem may be even worse than we know.

Further, Mr. B. S. Mane introduced invited speaker of the workshop Prof. K. Y. Rajpure, Head, Dept of Physics, Shivaji University, Kolhapur.

Prof. K. Y. Rajpure gave speech on career opportunities in higher education. In his talk he has given thorough information on each and every aspects of higher education opportunities which are available for students as well as career options available to them after B.Sc., M.Sc. and Ph.D. He mentioned and given details on which are institutions who offer integrated courses in Physics in India as well as Ph.D Programme. He also given trace on various diploma courses, management course which are available to students after M.Sc. He attracted attention of students by mentioning various scholarship available to students while perusing education. Lastly he given information about various job opportunities available through UPSC and

MPSC. Overall, the talk given by Prof. K. Y. Rajpure was excellent and students as well as faculty members appreciated it. After his talk there was discussion and question answer session on queries raised by students. Prof. K. Y. Rajpure given all answers of the queries raised by students.

Finally. Mr. N. V. Gaikwad, Coordinator, Lead college activity presented vote of thanks and concluded the workshop.
