Staff Evaluation Committee Summary Report, 2018- 2019

For the betterment of teaching-learning process and the overall development of the institution the assessment and evaluation of teaching and nonteaching staff becomes more important. Through PBAS (Performance Based Appraisal System) and ASAR (Annual Self Appraisal Report) teaching staff is evaluated by the TEC (Teacher Evaluation Committee) formed by the management of the institution.

The teachers who are lagging in the research, co-curricular and extracurricular activities are advised and promoted for the same. For the nonteaching staff CR (Confidential Report) is taken annually for every individual and submitted to the management. Considering the loopfalls and irregularities the nonteaching staff is informed for the further improvement.

In this academic year PBAS and CR are collected, assessed and submitted to the management. Dr Kamble M V is eligible for Stage 4/ 9000 AGP placement, his PBAS is evaluated by the TEC and authenticated with the signature of Principal and forwarded to the university for the further action.

PART B : ACADEMIC PERFORMANCE INDICATORS

Based on the teacher's self-assessment, API scores are proposed for (a) teaching related activities; domain knowledge; (b) participation in examination and evaluation; and (c) contribution to innovative teaching, new courses etc. The minimum API score required by teachers from this category is different for different levels of promotion. The self- assessment score should be based on objectively verifiable records. It shall be finalized by the screening cum evaluation / selection committee. Universities may detail the activities, in case institutional specificities require, and adjust the weightages without changing the minimum total API scores required under this category.

Note : * Assistant Professor Stage 1 to 2 = 80, Stage 2 to 3 = 80, Assistant Professor to Associate Professor Stage 3 to 4 = 75, Associate Professor to Professor Stage 4 to 5 = 70 Professor Stage 5 to 6 = 70

1. Direct Teaching 16/14/14 hours per week include the Lectures/Tutorials/Practicals /Project Supervision/Field Work.
2. University may prescribe minimum cut-off, say 75%, below which no scores may be assigned in these sub-categories.
3. In consonance with established academic and teaching traditions, and with a view to reinforcing a student-centric and caring approach the teachers are encouraged to work with students, beyond the structure of classroom teaching. Indicatively, this could entail mentoring, guiding and counseling students. In particular teachers would be the best placed to identify and address the needs of students who may be differently abled, or require assistance to improve their academic performance, or to overcome a disadvantage. There are no prescribed hours for such efforts, measured either in weeks or months, or in the context and calculation of the API scores, these are nevertheless important and significant activities that could be carried out by teachers.
4. Student Feedback is an integral part of the institutional and academic development of higher educational institutions and in fostering quality. Student feedback and teacher response plays a catalytic role towards improvement in teaching-learning and institutional development. Feedback from students on teaching, delivery, methodology and pedagogy is pivotal with a view to enhancing clarity of concepts, subject understanding and developing and deepening an interest in the academic discipline. Universities and Colleges should encourage teachers to assist

students in providing constructive feedback on teaching-learning in order to enhance quality education and in responding to the feedback.

CATEGORY II

PROFESSIONAL DEVELOPMENT, CO-CURRICULAR AND EXTENSION ACTIVITIES

Based on the teacher's self-assessment, Category II API scores are proposed for Professional development, co-curricular and extension activities; and related contributions. The minimum API required by teachers for eligibility for promotion is fixed in Table II (A). A list of items and scores is given below. The self-assessment score should be based on objectively verifiable records and shall be finalized by the screening cum evaluation committee for the promotion of Assistant Professor to higher grades and selection committee for the promotion of Assistant Professor to Associate Professor and Associate Professor to Professor and for direct recruitment of Associate Professor and Professor.

Category II	Nature of Activity	Maximum API Score	Actual score
a.	Student related co-curricular, extension and field based activities. (i) Discipline related co-curricular activities (e.g. remedial classes, career counseling, study visit, student seminar and other events.) (ii) Other co-curricular activities (Cultural, Sports, NSS, NCC etc.) (iii) Extension and dissemination activities (public /popular lectures/talks/seminars etc.)	15	Actual hours spent per academic year + 10
b	Contribution to corporate life and management of the department and institution through participation in academic and administrative committees and responsibilities. i). Administrative responsibility (including as Dean / Principal / Chairperson / Convener / Teacher-in-charge/similar other duties that require regular office hrs for its discharge) (ii). Participation in Board of Studies, Academic and Administrative Committees	15	Actual hours spent per academic year + 10
c	Professional Development activities (such as participation in seminars, conferences, short term training courses, industrial experience, talks, lectures in refresher/faculty development courses, dissemination and general articles and any other contribution)	15	Actual hours spent per academic year + 10

Staff Evaluation Committee Summary Report, 2017- 2018

For the betterment of teaching-learning process and the overall development of the institution the assessment and evaluation of teaching and nonteaching staff becomes more important. Through PBAS (Performance Based Appraisal System) and ASAR (Annual Self -Appraisal Report) teaching staff is evaluated by the TEC (Teacher Evaluation Committee) formed by the management of the institution.

The teachers who are lagging in the research, co-curricular and extracurricular activities are advised and promoted for the same. For the nonteaching staff CR (Confidential Report) is taken annually for every individual and submitted to the management. Considering the loopfalls and irregularities the nonteaching staff is informed for the further improvement.

In this academic year PBAS and CR are collected, assessed and submitted to the management. In this academic year no one applied for the CAS.

PART B: ACADEMIC PERFORMANCE INDICATORS

Based on the teacher's self-assessment, API scores are proposed for (A) teaching related activities; domain knowledge; (B) participation in examination and evaluation; and (C) contribution to innovative teaching, new courses etc. The minimum API score required by teachers from this category is different for different levels of promotion. The self- assessment score should be based on objectively verifiable records. It shall be finalized by the screening cum evaluation / selection committee. Universities may detail the activities, in case institutional specificities require, and adjust the weightages without changing the minimum total API scores required under this category.

1. Direct Teaching 16/14/14 hours per week include the Lectures/Tutorials/Practical's /Project

- Supervision/FieldWork.
2. University may prescribe minimum cut-off, say 75%, below which no scores may be assigned in these sub-categories.
 3. In consonance with established academic and teaching traditions, and with a view to reinforcing a student-centric and caring approach the teachers are encouraged to work with students, beyond the structure of classroom teaching. Indicatively, this could entail mentoring, guiding and counseling students. In particular teachers would be the best placed to identify and address the needs of students who may be differently abled, or require assistance to improve their academic performance, or to overcome a disadvantage. There are no prescribed hours for such efforts, measured either in weeks or months, or in the context and calculation of the API scores, these are nevertheless important and significant activities that could be carried out by teachers.
 4. Student Feedback is an integral part of the institutional and academic development of higher educational institutions and in fostering quality. Student feedback and teacher response plays a catalytic role towards improvement in teaching-learning and institutional development. Feedback from students on teaching, delivery, methodology and pedagogy is pivotal with a view to enhancing clarity of concepts, subject understanding and developing and deepening an interest in the academic discipline. Universities and Colleges should encourage teachers to assist students in providing constructive feedback on teaching-learning in order to enhance quality education and in responding to the feedback.
